I hear your heart beat
I hear your heart beat and it beats for me

You are torn, I see it
If you need me around, so be it
You do not need to ask
I know what you want from me
And I give it willingly

Hush, I am near you
If you whisper, I'll hear you
You do not need to scream
Do not need to shout it out
Just look at me, strong and proud

No, this is nowhere near over
There's still much to come, I'll show you
Life isn't a line
It's a graph full of ups and downs
A song full of different sounds

Take my hand like you used to
I know when offered help you refuse
You want to suffer alone
But you'll never get rid of me
I don't back down easily

Come, time for healing
Let me know how you're feeling
Share all of your thoughts
And all of your fears with me
I'll face them with you, you'll see

I don't care what destroyed you
All that counts is to sit here beside you
'Till we'll both walk again
Hand in hand by the soothing sea
'Cause that's what you promised me
